COURSE DESCRIPTION

This cleaning program is designed for the onboarding of staff within the cleaning industry. Participants are candidates, staff members or interested in the role of cleaners responsible for undertaking a range of routine and non-routine tasks according to work schedules, liaising with clients and in some cases members of the public.

They will be required to operate in a range of general residential and commercial settings as well as specialist cleaning environments.

SPACES ARE LIMITED - SO BOOK YOUR SPOT TODAY!

After completing this course students can continue studying the remaining units if they would like to receive a full qualification:
CPP30316 - Certificate III in Cleaning Operations.
